Robert:

Cameron said they don't have a contract for us to sign per se. There are three (3) rate plans that we would be using listed below. Please call, if you have any questions. Do you want to put this on the next Commissioners' Court agenda? Just so the court can see the plans?

Good afternoon Debbie,

So I finished up with that conference call this morning, and it is basically what I would have recommended.

1. We will activate the 12 devices on the 37.99 unlimited rate plan. Once you receive them and get them set up to your liking we will suspend them until you need them.
2. The first suspension will take the devices to Aug. at which point you will need to send me an email to resuspend the lines.
3. we resuspend the lines until you need to use them (around Oct.)
4. We activate the lines on the 37.99 rate plan and you use them for a month or so.
5. afterwards I go through the required processes on my end to move the devices to the other rate plan. (this process can take up to 2 weeks depending on how fast it moves)

3 rate plans we will use:

1. Suspended without billing – 0\$ costs devices aren't used
2. 37.99 unlimited mobile broadband
3. **MBB "DIR Custom"** - CUSTOM FLAT RATE \$6.00/MB (\$0.35 per month)
