RE: Request to relocate sewer line across County Road 4701 (Lover's Lane)

Honorable Judge and County Commissioners:

Upon speaking with Commissioner Evans regarding the TxDOT Highway 11 road widening project and the need for City utility relocation, I was directed to send a letter requesting to relocate our sewer line to the county. Please let this letter serve as a request for permission to relocate sewer line across County Road 4701 (Lover's Lane). As you may be aware, TxDOT has started working on the road widening project for Highway 11 west of Highway 19 and has directed utility agencies to remove their infrastructure that is in conflict with their new right-of-way along Highway 11. The City of Sulphur Springs has a number of areas that are affected by the project and is requesting to re-route our existing 12 inch sewer line across County Road 4701 (Lover's Lane) and are seeking your approval to perform this work. Enclosed is a copy of the plans showing the existing and proposed sewer crossing of County Road 4701 (Lover's Lane) for your review and consideration. The City will be responsible for repairs to the roadway surface to put it back to its original condition for any areas that are affected due to our construction.

On the plans, the City has an existing 12 inch sewer main crossing that was put in to serve the Stonebriar Subdivision back in the 1980's. With the TxDOT widening project, we are looking at crossing the road further south to avoid conflicts with the new TxDOT right-of-way and the proposed crossing is indicated as the blue highlighted lines on the plans. The pink highlighted lines depict the existing line crossing that will be abandoned and capped under Lover's Lane. The yellow highlighted lines show the existing sewer lines that are to remain in place that will not be affected by the road widening project.

Should you have any questions or need clarification, please feel free to contact me.

Authorization for Deployment of eMessaging

This Authorization for Deployment of eMessaging (hereinafter "Authorization") is provided by the party identified below as Customer ("Customer") and is subject to and governed by the current Master Services Agreement ("Agreement") between Customer and Securus Technologies, Inc. ("Provider"). Its terms are effective as of the date signed by Customer below (the "Effective Date") and this Authorization is coterminous with the Agreement. Provider will provide eMessaging as described herein.

DESCRIPTION: Securus' eMessaging Application ("eMessaging") allows for two-way electronic communication between friends and family and their incarcerated loved one. eMessaging works by allowing friends and family to purchase eMessaging "stamps," which they can use to fund the transmission of an electronic message to their incarcerated loved one. Each text message costs only a single stamp, while a text message with an attached picture costs only two stamps. If a friend or family members wishes, they can include an additional stamp that will allow their incarcerated loved one to send a single return message. Return messages are text only; no picture attachments are allowed. Inmates are not able to purchase their own stamps at this time. The facility is provided a web-based portal that enables the review of messaging with various options for review. The facility can approve and reject a message based on their policies and criteria. Friends and family must send and receive messages using either the Securus mobile app for android devices or access their inbox at www.securustech.net and must have a free Securus Online account to access. Approved messages and attachments are accessible by inmates on a ConnectUs-equipped XL or S-Phone unit or a Securus SecureView tablet.

COMPENSATION: Provider will provide eMessaging at no cost to Customer. Friends and family members can purchase a book of stamps in the following quantities:

Number of Stamps in Book	Stamp Book Price (Plus \$3.00 transaction fee and all applicable taxes)
5	\$2.50
10	\$5.00
20	\$10.00
50	\$25.00

Provider will pay Customer a commission of 20% on each redeemed stamp, based on the purchase price of the stamp, which may differ from facility to facility. A stamp is considered "redeemed" when it is used to send an original message to an inmate or when a single return message from the inmate is prepaid for by the inmate's friends and family. Provider will remit the payment for a calendar month to Customer on or before the 30th day after end of the calendar month in which the eMessaging stamps were redeemed (the "Payment Date"). All payments will be final and binding unless Provider receives written objection within 60 days after the Payment Date.

E-MESSAGING TERMS OF USE - Customer's use of eMessaging is governed by the terms and conditions at <https://www.securustech.com/emessaging-terms-and-conditions>, which are incorporated herein by reference.

The person signing this Authorization represents that he or she has the unrestricted right and requisite authority to enter into and execute this Authorization, to bind Customer named below and to authorize the installation of the eMessaging application.
