RE: Line Upgrade on County Road 3561

Mr. Bartley,

We request approval to run 1500' of 2" pipe on the west side of County Road 3561 on the county right of way. We will start 1200' north of Wolf Pen Creek, bore under Wolf Pen Creek and finish 300' south of Wolf Pen. We will then trench the rest of the way on private property. The purpose of this is to tie two dead end water lines together to provide more water flow to our customers.

Thank you for your help. If you have any questions, please do not hesitate to contact me.

Sincerely,

Leo Casey Janway
Manager
